

WHAT IF ... ?

Discover the hope that remains!

God rejoices and celebrates when He thinks of you! Does that sound far-fetched to you? But what if it's true?

That's exactly what the Bible says, and we believe that's a reason to celebrate.

We would like to warmly invite you.

After all, this is about you – because you are a VIP to God. We would love to start a conversation with you about it.

You don't need to bring anything except yourself – and if you like, your friends as well. Just come along. Look forward with us to great music, engaging interviews, inspiring talks, delicious snacks, refreshing drinks – and the most important message in the world.

We look forward to seeing you!
